

## HESTIA4 Investigators' Meeting

There will be a meeting app available at this meeting, the App will provide you with instant access to current event information and alert you to any important changes.

Please do not forward details on how to access the App onto colleagues that are not attending the meeting, access is exclusively to those attending.

All delegates have been pre-registered. To access the App, connect to the WiFi and then enter the following URL on your device web browser

**<https://az.meetingapp.co.uk/hestia4>**

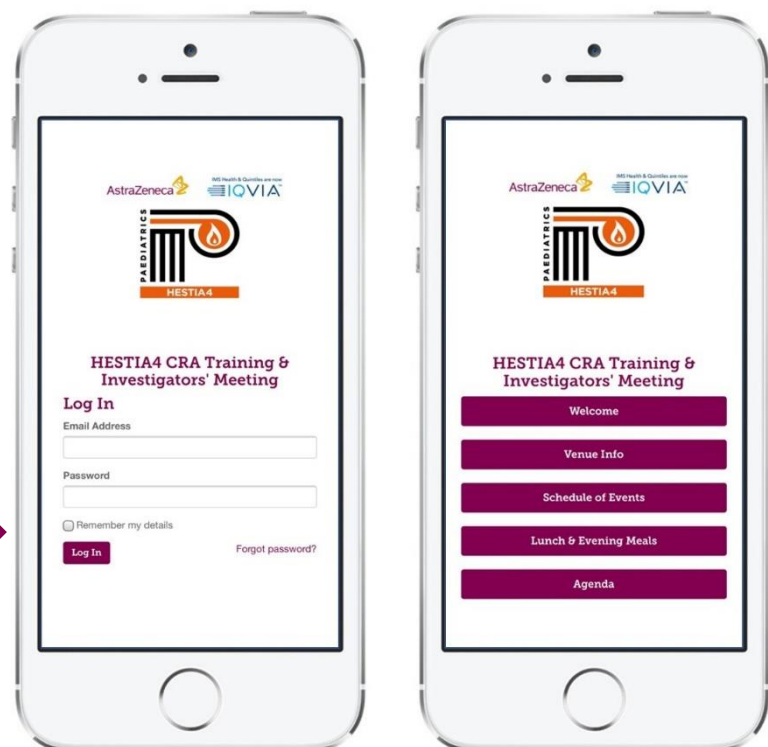

### Log In

Enter the email address that you used when registering for the meeting.

### Password

HESTIA4

*Check the remember my details box for ease when logging back in.*

The app works across multi hand held devices i.e iPhone, iPad, Android and Windows.

Once the app has opened in your browser, save the URL as a shortcut your home screen.

If you experience any problems with the meeting App please contact a member of the on-site Conference Team.
